

TEN THINGS YOU NEED TO KNOW ABOUT CAMP

- 1) Attending Cub Scout summer camp is an integral part of the Cub Scout experience. It's just as important as attending Den meetings, earning badges, or racing in the Pinewood Derby.
- 2) Parents of boys who attend Cub Scout Camp are more likely to get involved in your Cub Scout Pack as active adult volunteers.
- 3) Adults can rotate in and out during the session as long as your Pack always has a minimum of two (one adult attends Friday - Saturday and another attends Saturday - Sunday).
- 4) Cub Scout Summer Camp is a comfortable outdoor experience. Join us for balanced, nutritious meals prepared by our kitchen staff; recharge while sleeping in a cabin or bunkhouse; and clean up after the day's activities in the indoor bathrooms with showers.
- 5) Financial assistance (camperships) is available for Chippewa Valley Council families with a financial need.
- 6) Boys who attend summer camp are more likely to stick with Cub Scouting, resulting in more boys learning the great values of the Scouting program.
- 7) All program areas are operated by our trained, knowledgeable, and passionate camp staff. Your role as an adult is to have fun with your Scouts and help them move throughout the day's schedule.
- 8) Scouts learn new skills at Cub Scout Camp, giving them confidence in their abilities to face challenges as they begin and move through the new school year.
- 9) Scouts make new friends at Cub Scout Camp with boys in their own Pack, and with other Cub Scouts from the area.
- 10) Adults attending Cub Scout Camp report that they have just as much fun as the boys do!
